PERTH AUSTRALIA, 20 APRIL 2020: PARKD Ltd ("PARKD" or the "Company") (ASX:PKD) lodges the attached Appendix 4C Quarterly Cashflow Report for the 9 months period ended 31 March 2020 and provides the following update on its activities.

The Company completed 4 technical design works on behalf of local councils based in NSW and Victoria. The technical design was for the identification and configuration of new temporary and permanent commuter car parks that will be funded by the Federal Government's \$650M National Commuter Car Parking project. As an extension to this roll-out, a number of other local councils have since issued tenders to provide project management services to access this funding that has earmarked nearly 50 new commuter car parks to be built in Australia over the next two to three years. PARKD is actively tendering for these work packages which are expected to be awarded in the coming months.

The Company announced on 25 March 2020 that it has implemented a number of cost savings measures including a 20% reduction in salaries, the suspension of directors' fees for at least the remainder of this financial year, and the elimination of all non-essential expenditure. These measures are designed to conserve cash and enable the Company to continue to bid for new government funded car parking infrastructure works.

Net operating cash outflows for the December quarter totalled \$295,000 and the Company's cash reserves were \$1.4m as at 31 March 2020.

With regards to the item 6.1 of the Appendix 4C totalling \$100,000, the Company provides the following information:

- Salary and superannuation paid to Executive Director (\$55,000)
- Directors fees and superannuation paid to Non-Executive Directors (\$45,000)

This announcement has been approved for release by majority of the board of directors of PARKD Limited.
